

CITY, HART STREET

Tower in the south west corner of the church, access is external south west corner of the tower, stone spiral clockwise staircase to the first floor ringing room, an unusual feature, there is a door from the ringing room leading out to the roof of the south aisle.

The staircase continues past an intermediary chamber (check, access is from above the bells). There is a sound control system.

The bells are hung on one level in a steel frame.

The eight bells are rung in full circle.
